(These items also available for sale at the Canaan Hardware Store in Canaan)

I was born in southern Connecticut and moved to New Hampshire in 2008. My love of art started as a child and continued as I earned a BS in Art Education at the University of Hartford, CT. I have enjoyed working as a graphic artists and illustrator. One of the joys of my life were the years I spent as the Art Director at the Alzheimer's Resource Center of Connecticut. I have been inspired by the beauty of NH which is reflected in some of my abstract pieces.
